At the discretion of the Commissioner of the Department of Administration, up to \$750,000 may be transferred between appropriations within the Department of Administration.

It is the intent of the legislature that the Department of Administration document the cost drivers of the services being provided to other departments and establish a method linking cost drivers to rates charged other departments for Department of Administration services. The Department shall submit such method with supporting data by December 1, 2015 for use by the legislature in its deliberations for FY17 and beyond.

It is the intent of the legislature that the Department of Administration re-open labor contracts, if possible, to negotiate increased employee contributions to be commensurate with that of positions within the Alaska private sector and local/federal governments of similar job responsibilities. For those labor contracts that are not re-opened, it is the intent of the legislature that the same negotiations occur in negotiating any extension to existing contracts or in any new contract.
